As a business traveller frequenting Charleston, I am concerned about your decision to shut down uber. Myself and colleagues find it extremely helpful when visiting.

I truly hope you reconsider your decision.

Thank you

You really going to impede economic progress? Stop things that are hurting the economy, not programs and businesses that are stimulating the economy. On a monthly basis my staff and I use Uber in over 15 states. We love it! Next time you're in a stinky cab sitting on dried vomit and other fluids think about what you've done.

Uber is not only safe, but the most reliable form of transportation. With SC being a right to work state, I'm astonished that SC would limit business growth like this!
